

Current and Pending Support

TriadicFrameworks Research Initiative

Submitted to NASA High Priority Open-Source Science (HPOSS)

1. Current Support

At the time of this submission, the Principal Investigator (Nawder Loswin) has **no current external research funding**.

All work on the TriadicFrameworks Research Initiative to date has been conducted through self-funded development, open-science publication, and voluntary community effort.

No federal, state, institutional, or private-sector awards are currently active.

2. Pending Support

The Principal Investigator has **no other pending proposals** submitted to NASA or any other funding agency at this time.

This HPOSS submission represents the sole active funding request for the TriadicFrameworks Research Initiative.

3. Summary

The PI confirms that:

- there are **no overlapping sources of support**,
- no commitments conflict with the proposed effort, and
- all work described in this proposal is contingent upon the requested HPOSS funding.

This statement is accurate as of the date of submission.
